

Project IV Final Report Ingredients

Here is a complete list of the materials you'll need to compile for your final Project IV report and submit as a single pdf document via our Canvas Assignment Portal. Additionally, you'll need to send your final products and client letter of transmittal ([the blue section below](#)) to your client by the last day of class. Please copy me on that e-mail. For specifics on what your letters should include, please consult our assignment.
