

Survey Results: Diversity of Age, Summer 2020

There was 1 question on poll #2 about diversity of age
Results below:

Question: Which of the following communicates your thoughts?

- People age 40+ should be protected from employment discrimination
- People age 40+ should be protected, but young people are discriminated against in employment decisions and should be protected.
- State or federal government shouldn't be involved in protecting an employee against age discrimination

NOTE: As a result of course material this week I hope that you recognize the following...

1. Older adults face a significant set of stereotypes that impact biases when applying for jobs and in relation to other employment decisions – such as who gets trained and who receives a promotion/gets laid off.
2. NJLAD protects all adults age 18 – 70 from age based employment discrimination.
