## How to choose and install your Graphics Card

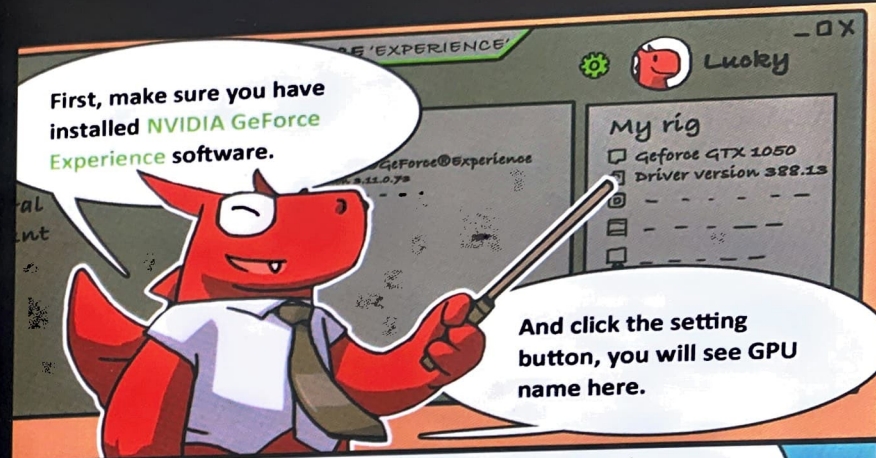

It's necessary to have effective tools to do the work correctly. You need a remarkable Graphics Card if you want to win the game.

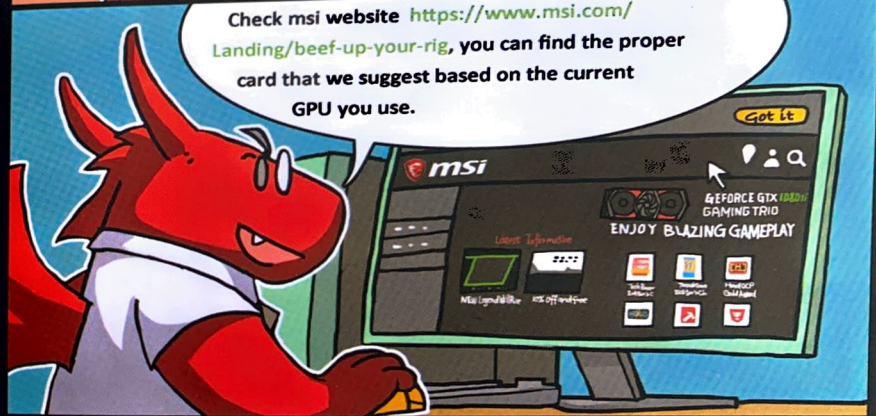

But I don't know how to upgrade my card.

Don't worry. Let me show you.

First, make sure you have installed **NVIDIA GeForce Experience** software.

And click the setting button, you will see GPU name here.

Check msi website <https://www.msi.com/Landing/beef-up-your-rig>, you can find the proper card that we suggest based on the current GPU you use.

So easy, right? Next, I'll teach you how to install it.
